

# My Elements of Art Booklet

Elements of Art · Term 1

Name: \_\_\_\_\_ Date: \_\_\_\_\_

My Class: \_\_\_\_\_

## Our Vision

- **Aroha — Love**  
God, Others, Self, World.
- **Mohio — Know**  
God, His story and our place in it.
- **Manaaki — Serve**  
Faithfully with our gifts and talents.
- **Panga — Impact**  
Bringing God's Kingdom to earth.

*Soli Deo Gloria*

To God Alone the Glory

## What Makes Art, Art?

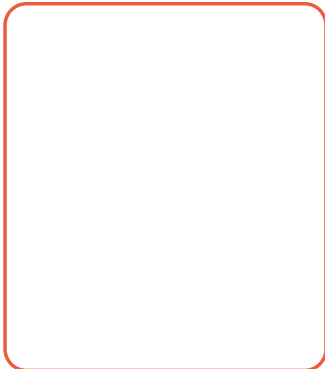

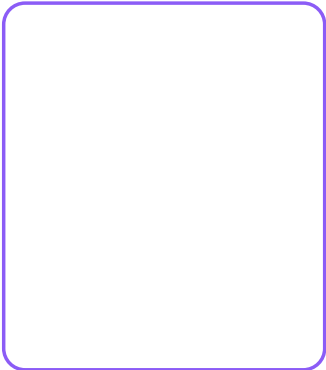

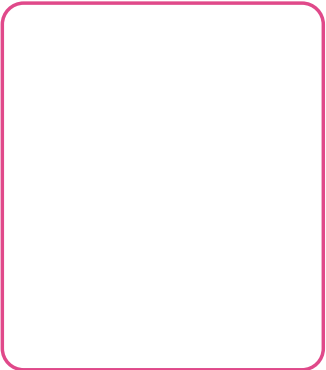

We are learning to recognise the 7 Elements of Art and begin using art vocabulary.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Step 1 — Learn: match each element to its meaning

- |                               |                                                                     |
|-------------------------------|---------------------------------------------------------------------|
| <input type="radio"/> Line    | <input type="radio"/> What we see when light bounces off something. |
| <input type="radio"/> Shape   | <input type="radio"/> How a surface looks or feels.                 |
| <input type="radio"/> Form    | <input type="radio"/> The area around and between things.           |
| <input type="radio"/> Colour  | <input type="radio"/> A shape that has become 3D.                   |
| <input type="radio"/> Value   | <input type="radio"/> A mark that travels across a surface.         |
| <input type="radio"/> Space   | <input type="radio"/> How light or dark something is.               |
| <input type="radio"/> Texture | <input type="radio"/> A flat, closed area.                          |

### Step 2 — Try it: sketch a tiny example of each element

|                                                                                     |                                                                                     |                                                                                      |                                                                                      |
|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|
|   |   |   |  |
| Line                                                                                | Shape                                                                               | Form                                                                                 | Colour                                                                               |
|  |  |  |                                                                                      |
| Value                                                                               | Space                                                                               | Texture                                                                              |                                                                                      |

#### ✦ Faith & Values Reflection

How is your creativity a reflection of God's creativity in Genesis 1?

---

---

## Lines Have Feelings

We are learning to experiment with line to express a feeling.

Name: \_\_\_\_\_

Date: \_\_\_\_\_

### Draw a line that matches each mood

#### Angry

*Sharp, jagged, fast.*

#### Calm

*Slow, smooth, gentle waves.*

#### Bouncy

*Springy, up and down, playful.*

#### Sleepy

*Long, soft, drifting curves.*

#### ✦ Faith & Values Reflection

God knows every feeling you have. Which mood-line was easiest to be honest about, and why?

\_\_\_\_\_

## Line Hunt

We are learning to find and record different types of line through observation.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Go on a real line hunt — draw what you find and where

#### Contour Line

draw it

Where did you find it?

---

---

#### Zigzag Line

draw it

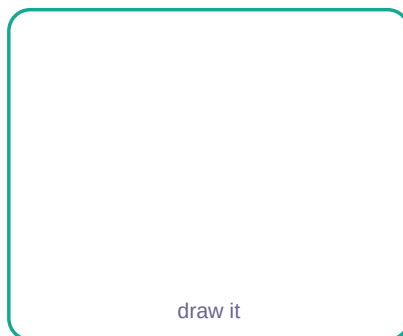

Where did you find it?

---

---

#### Curved Line

draw it

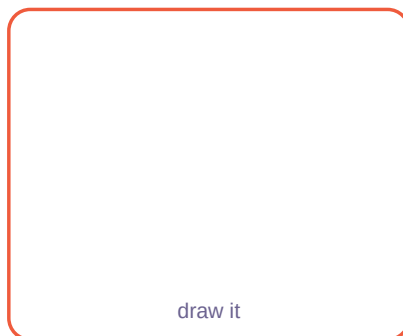

Where did you find it?

---

---

#### Implied Line

draw it

Where did you find it?

---

---

#### ✦ Faith & Values Reflection

"The heavens declare the glory of God" (Psalm 19). Where did you spot the most beautiful line in God's creation today?

---

---

## My Line Story

We are learning to use line with control and intention to tell a story.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

**No shapes today — tell a story using line alone**

My line story is called: \_\_\_\_\_

### ✦ Faith & Values Reflection

God gifted Bezalel to create beautiful things (Exodus 31). What gift do you think God has given you?

## Gallery Walk: Line

We are learning to describe line using art vocabulary and give kind feedback.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Warm-up: doodle your favourite line from this week

### Match the vocabulary

- |                                    |                                                                               |
|------------------------------------|-------------------------------------------------------------------------------|
| <input type="radio"/> Contour Line | <input type="radio"/> Quick, loose lines that capture movement or energy.     |
| <input type="radio"/> Gesture Line | <input type="radio"/> Follows the outline or edge of a shape or object.       |
| <input type="radio"/> Implied Line | <input type="radio"/> A line our eyes “see” even though it isn’t fully drawn. |

### A kind, specific comment for a classmate

---

---

#### ✦ Faith & Values Reflection

What kind, specific thing did you notice in a friend's artwork this week?

---

---

CHAPTER TWO

# Week 2: Shape & Form

Telling flat shapes apart from solid forms — and building with both.

*Soli Deo Gloria*

## Flat vs. Solid

We are learning to tell the difference between 2D shape and 3D form.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Circle S for Shape (2D) or F for Form (3D)

Circle

(S) (F)

Sphere

(S) (F)

Square

(S) (F)

Cube

(S) (F)

Triangle

(S) (F)

Cone

(S) (F)

### Try it: sketch a geometric shape, an organic shape, and a shaded form

Geometric Shape

Organic Shape

Shaded Form

### ✦ Faith & Values Reflection

Genesis 2 shows God forming flat dust into a living person. How is your own creativity a reflection of His?

---

---

## Shape Builder

We are learning to combine geometric and organic shapes to build something new.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

**Build a creature or building using shapes below**

Try to use at least one geometric AND one organic shape.

### ✦ Faith & Values Reflection

God is called an architect and builder (Hebrews 11:10). What did you enjoy about building today?

---

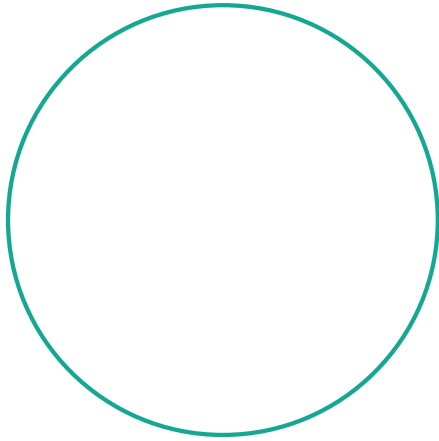

---

## Form From Shading

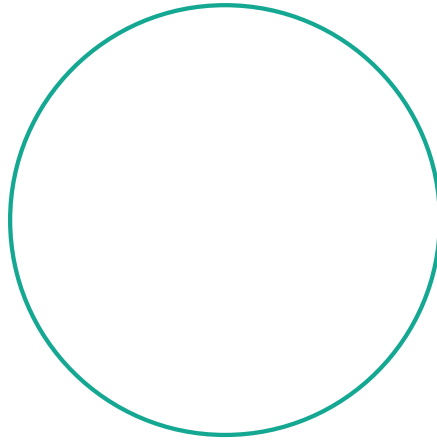

We are learning how light and shading turn a flat shape into a form.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

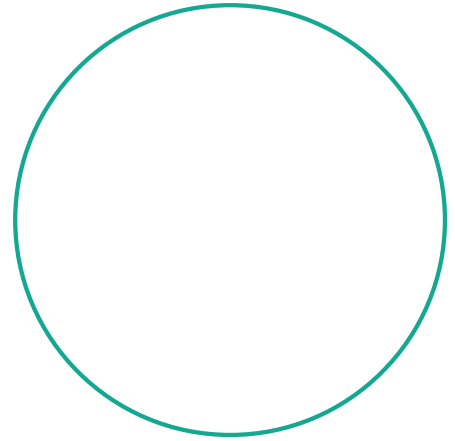

**Shade each circle so the light comes from where shown**

Light from top-left

Light from top-right

Light from below

### ✦ Faith & Values Reflection

"Let there be light" (Genesis 1:3) made shading possible at all. Where did you place your highlight and shadow, and why?

\_\_\_\_\_  
\_\_\_\_\_

## Shape City

We are learning to use shape and form with intention in a finished artwork.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

**Combine shapes and forms to build a skyline, creature, or pattern**

My Shape City is called: \_\_\_\_\_

### ✦ Faith & Values Reflection

Cities matter to God, from Eden to the New Jerusalem. What did you build today, and what does it need?

## Gallery Walk: Shape & Form

We are learning to identify shape versus form and give kind feedback.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Warm-up: doodle a robot using only geometric shapes

### Shape or Form? Circle S or F for each

Beach ball

☐ S ☐ F

Window pane

☐ S ☐ F

Ice cream scoop

☐ S ☐ F

Road sign

☐ S ☐ F

Orange (the fruit)

☐ S ☐ F

Flag

☐ S ☐ F

### A kind, specific comment for a classmate

---

---

#### ✦ Faith & Values Reflection

Every good gift is from God (James 1:17). What's one kind, specific thing you noticed in a classmate's work?

---

---

CHAPTER THREE

# Week 3: Colour

Hue, mixing, combinations, and intensity — then painting a mood.

*Soli Deo Gloria*

## Colour Detective

We are learning to explore the colour wheel and sort hues into warm and cool families.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Circle W for Warm or C for Cool

Red

(W) (C)

Orange

(W) (C)

Yellow

(W) (C)

Green

(W) (C)

Teal

(W) (C)

Blue

(W) (C)

Indigo

(W) (C)

Violet

(W) (C)

Magenta

(W) (C)

Pink-Red

(W) (C)

### Try it: pick a warm colour and a cool colour

Warm — draw a campfire or sunset

Cool — draw a wave or icicle

### ✦ Faith & Values Reflection

God said "let there be light" before any colour could exist (Genesis 1:3). Which hue makes you think of God's creativity most, and why?

\_\_\_\_\_

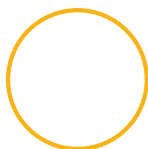

\_\_\_\_\_

## Mixing Lab

We are learning to mix two hues together, then tint and shade the result.

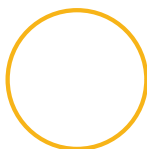

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Colour in Colour A and Colour B, then predict the mix

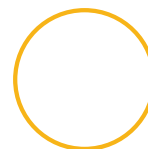

Colour A

+

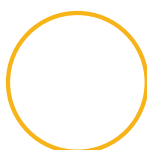

Colour B

=

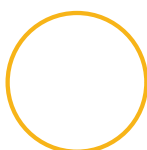

My Prediction

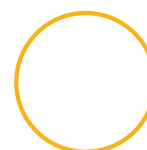

### Now tint and shade your mix

Original Mix

+ White (Tint)

+ Black (Shade)

### Paint with it: a small flower or balloon using your final colour

#### ✦ Faith & Values Reflection

Just as two colours combine into something new, God brings different things together into something whole. What was the most surprising colour you mixed today?

## Perfect Pairs: Colour Combinations

We are learning to find colour combinations that go well together, and adjust intensity.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Reference: the colour wheel

#### Complementary

Two colours directly opposite each other.

#### Analogous

Three neighbours on the wheel.

#### Triadic

Three colours evenly spaced.

### Pick a combination, then draw a flower — one petal per colour

Petal 1

Petal 2

Petal 3

### Now go bigger: one big flower using all your combination colours

#### ✦ Faith & Values Reflection

God designed a world where colours already go together perfectly, like a sunset or a garden. Which combination did you choose, and why did it feel right?

---

---

## Colour Mood Painting

We are learning to use colour choices alone to express a chosen emotion.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Circle what you'll paint

- |                                          |                                             |
|------------------------------------------|---------------------------------------------|
| <input type="radio"/> The weather today  | <input type="radio"/> An animal             |
| <input type="radio"/> An imaginary place | <input type="radio"/> How your morning felt |

### Paint your mood — colour choices alone, not a face or symbol

The mood I painted is: \_\_\_\_\_

#### ✦ Faith & Values Reflection

God knows every feeling you paint, even ones you don't say out loud (Psalm 139). What mood did you paint today?

\_\_\_\_\_  
\_\_\_\_\_

## Gallery Walk: Colour

We are learning to guess a mood from colour alone and give kind feedback.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Warm-up: a small weather scene in today's mood colour

### Match the vocabulary

- |                                            |                                                                            |
|--------------------------------------------|----------------------------------------------------------------------------|
| <input type="radio"/> <b>Hue</b>           | <input type="radio"/> Two colours directly opposite on the wheel.          |
| <input type="radio"/> <b>Value</b>         | <input type="radio"/> The name of a colour — red, blue, yellow, and so on. |
| <input type="radio"/> <b>Intensity</b>     | <input type="radio"/> How bright or dull a colour is.                      |
| <input type="radio"/> <b>Complementary</b> | <input type="radio"/> How light or dark a colour is.                       |

### A kind, specific comment for a classmate

#### ✦ Faith & Values Reflection

Every hue we admire today points back to God, the giver of light itself (James 1:17). What's one kind, specific thing you noticed in a classmate's painting?
